

Seasons Preparations

As the season approaches, a great deal of work must be done to get the Club ready for opening in about 1 month's time. The picture shows the keen volunteers are ready to put their backs into painting the club house, painting all the benches, getting the gardens weeded and planted, ensuring the greens are in perfect condition, cleaning the indoor of the club house, and many more jobs needing to be done to ensure 2024 will be perfect.

As it is the 100th Anniversary of the Club there are so many members willing to get it ready for the many visitors who will be arriving to celebrate the occasion.

As our President, Maureen Clark, has commented several times. "We are a very lucky club to have so many members prepared to muck in and help on the many tasks required and ensure all the members and visitors have a great time when they come to the Club". Let's hope the smiles we see in the picture are still there after all the work is completed!!!
